e-Bug workshop

The School Nursing Service is offering a free eBug workshop to parents and carers of children aged 5-16 years. The eBug workshop looks at ways to reduce the spread of infection and to raise awareness of antibiotic resistance.

The workshop will cover:

- Understanding how infections spread
- Use of antibiotics
- Importance of hand washing and hygiene
- Food hygiene and prevention of infection

**Alongside the parent workshop
we will also be running a
children's group.**

**We will be delivering fun and
practical activities to help
children learn how far germs are
spread and ways to prevent the
spread of infection.**
